

St Joseph's College Mildura

The best choice for your education

Without question, your high school years will be a success with the SJC team. We have the tools, support and know-how to help you kick goals well beyond school.

Here's how:

1 Academic Excellence

Our students are high achievers. They are supported by a well-equipped library, a laptop programme, the personalised support programme 'Flourish' as well as afterschool assistance in Mathematics and English.

2 Facilities

SJC has a masterplan building programme. We continually upgrade our facilities to offer the best multipurpose environment for work, rest and play.

3 Our Values

Our students are encouraged to learn about our Values: **Spirituality, Excellence, Compassion, Justice, Hospitality, Community and Service.** SJC students understand these values and know how to apply them to their everyday lives, instilling respect for themselves and others.

4 Wellbeing Services

We care about student wellbeing. Because everyone needs help from time to time, SJC has a dedicated Wellbeing Centre with qualified, experienced counsellors and a mental health clinician to cater for the wellbeing needs of students.

5 Safe School

Staff, students and parents rate our College as a very safe place to work and learn. We prioritise student and staff safety by responding to all student concerns and constantly upgrading our facilities and policies. Our staff are committed to creating and maintaining a safe place for all.

6 Hospitality

Warm and inviting hospitality that includes:

- Free Breakfast Program
- Teacup Tuesday
- Mother's Day Breakfast
- Father's Day Breakfast

7 Communication

Our College provides up-to-date information through:

- The Parent Access Module (PAM)
- Our website
- Skoolbag
- The College Yearbook
- Harvest Magazine
- College Newsletters

8 Community

All members of our College community are valued and respected. As a Catholic school in the Mercy tradition, we focus strongly on the development of community which involves families, staff and students across all aspects of College life.

9 Restorative Practices

Restoring relationships is central to how we address concerns between individuals and groups. We aim to build awareness of the needs of others and to foster resilience in how we approach issues and solve problems.

10 Pastoral Care

Our system of care is designed to maintain strong relationships between staff and students. The nature of our Homeroom structure enables students and families to build relationships with the Homeroom Teacher over their time at St Joseph's. Students also have the opportunity to meet and make friends with students from other schools across the district.

11 Opportunity

The College caters to all abilities and interests. Our sporting programmes, awards, bursaries, scholarships and leadership opportunities appeal to a wide range of student abilities and extracurricular interests. We celebrate your successes.
